### Wedding Day Suggestions

*Small tips to make for a great wedding video*

- 1. Arrange for flowers to be delivered to your house if you are having video coverage at the home. It makes for great video.**
- 2. Tell the bridesmaids to be at your home fifteen minutes sooner than you really want them to arrive. This way everyone is ready for Photos & Video.**
- 3. Have the Groom, Best Man & Groomsmen be at the church one hour before the ceremony begins. (His parents also if possible)**
- 4. For the Bride, remember to not jump out of the limo as soon as you arrive. We want to get that shot, so give us a minute or two to be ready. And remember To smile, even if it is difficult. It looks great when you smile!**
- 5. Be sure the bridesmaids are not chewing gum when coming down the aisle.**
- 6. When your father or escort brings you down the aisle and removes your veil, be sure he knows to give you a kiss before placing your hand in the hand of the groom. ( They often do forget )**
- 7. Tell your escort not to try to immediately go to his seat after giving you away. It sometimes results in him stepping on the bridal train, or doing a quick hop when he sees it. Better to enjoy the moment and wait until you move ahead.**
- 8. Be sure to look at each other, Not the minister, when doing your vows!**
- 9. When lighting candles, try to do it so the guests can see. If possible go behind the candles. (This is not always possible)**
- 10. When doing your first dance, ask your photographer to give you a minute or two before he steps in and asks you to look his way. There is normally plenty of time, and those first few moments are special.**
- 11. Remember to tell anyone you know that is planning a wedding to call**
